weeks across Neptune's murderous legacy, a thousand years ago the island bearing Bello was peopled

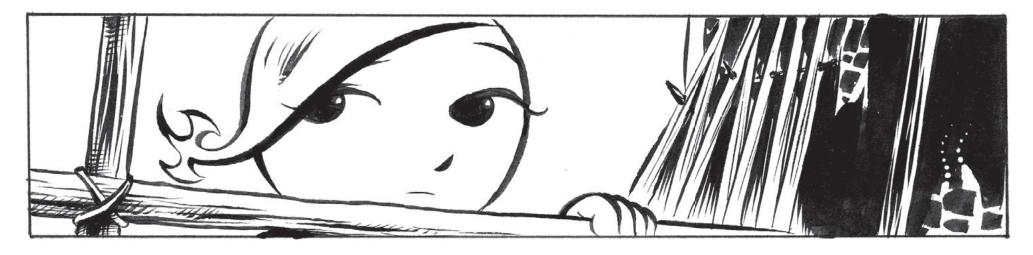

there now lays The Village of Bello safe from design, fashion, and other terrors, no bills may be posted by her paths

Spam is consumed, loved, blue cans flourish,
two dozen forts of the empire here lie,
the sun waits each day to massage and punish,
like the volcano of ice into which we throw the natives,
thrown into frozen lives, safe from fads

SETTLES Loday A BEAUTIFUL VILLAGE with THE NICKNAME of CAPITAL DE LAS ORQUÍDEAS «

>> THE CAPITAL OF ORCHIDEAS « AS THE LOCALS TEND TO SAY.

THERE ARE MANY RUMORS ABOUT THIS SMALL VILLAGE, SOME SAY IT'S LOCATED ON A CLOUDY MOUNTAIN, SOME CLAIM TO HAVE SEEN A GLIMPSE OF IT IN A JUNGLE. OTHERS BELIEVE THE VILLAGE DOESN'T EXIST AT ALL BECAUSE THE RUMORS ARE TOO BEAUTIFUL TO BE TRUE. IT IS AS THOUGH THE WHOLE VILLAGE IS A METAPHOR, KNOWN TO PEOPLE FROM MANY COUNTRIES, ALL SPEAKING ABOUT THE SAME SUBJECT, AND ONLY THE DETAILS VARY. SO LET'S TAKE IT AS IT IS, LET'S APPROACH BELLO AS A METAPHOR. RELAX AND OPEN YOUR SUBCONSCIOUS, RECEPTIVE DIMENSIONS ON THIS ARMCHAIR TRIP TO BELLO, AND SEE THE VILLAGE IN A SENSE THAT IS POETIC, MORE THAN LITERAL. That was the foreword, what's next?

THIS WORD 'CHAPTER' IS PART OF THE BELLO WORDS COLLECTION, JUST LIKE THE COMIC BALLOON AS WELL.

It was a warm day in spring, when I arrived at the main bus station of Bello. After I walked a bit through the city, I recognised what a beautiful village it was. The smell of fresh baked bread and roasted coffee was in the air. I felt welcomed by the village from the beginning. They told me about the criminality of Bello, but to me it seemed to be an inseparable part of this village. Like a temperamental person who can hate, but love too. MARTIN LORENZ, GERMANY

When we were kids we played HIDE SOSEEK BETWEEN THE CARS

5 Sometimes we wanted to escape the Street so we sat on the Steps leading to the fire exit, it was always much cooler there. g One girl had air conditioning in her home. She was also the first who had a video recorder, she even let us watch – usually fragments

of a film, we were more interested in the slow motion, fast forward, rewind buttons.

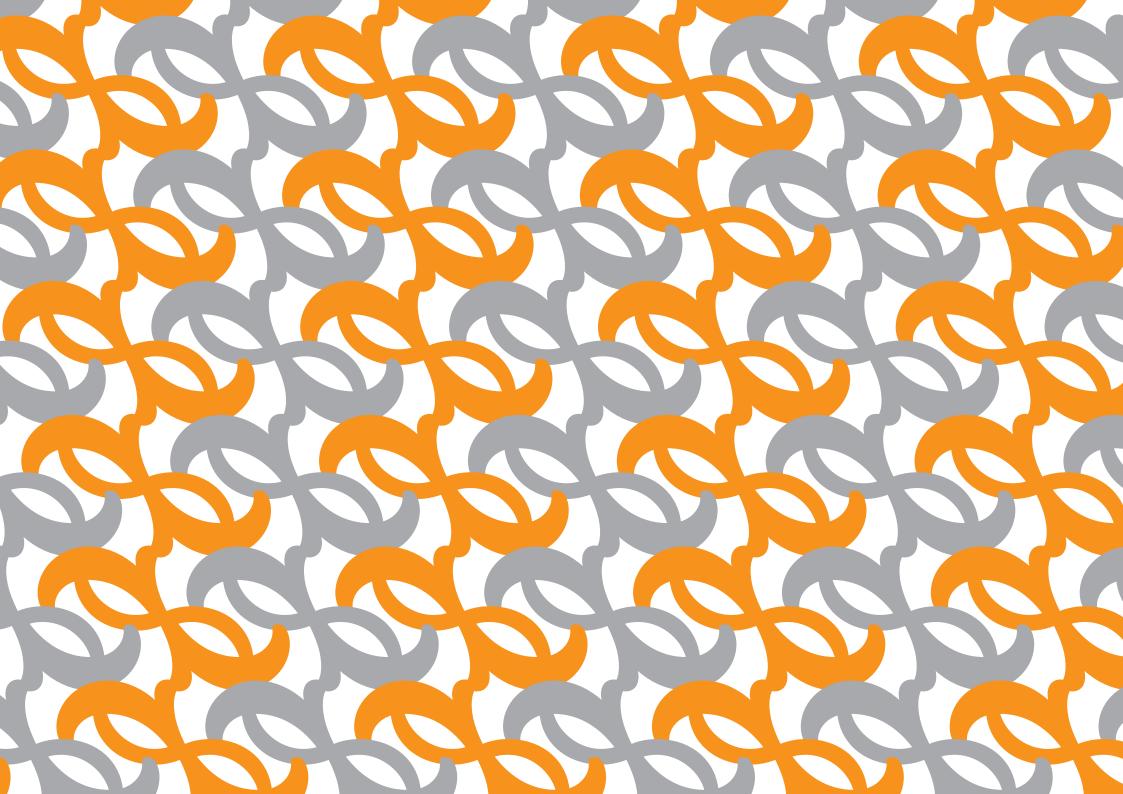

g On Street level though the video didn't count, the bikes did.

The motor way was intersected by two small side streets on either side – the goal was to cross the

motor way without breaking as soon as a car appeared. The fear on the drivers faces was our winning points. That's the village of Bello which I got to know.

NOW SOME 2nd Chapter ITALIANOS

In Rome it is common to shout 'abbello!' (meaning 'dude') & 'abbella!' (meaning 'pretty girl'), says Alessandro Segalini.

Tanto lustro è Sto paese,

/ This village is so much clean

Che ti specchi nelle strade.

/ that you can mirror in the roads.

L'erba lucida a distese,

/ Green dazzling grass is everywhere

Di riflessi il mondo invade

/ and the world is full of glares.

Di colori a cento a mille

/ THE WATER IN THIS TOWN

Sono le acque qui in città.

/ OFTEN CHANGES ITS COLOUR.

Dentro il fiume l'acqua brilla,

/ IN THE RIVER THE WATER SHINES,

Come han fatto non si sa...

/ WE DON'T KNOW HOW THEY DID IT...

Sale il fumo, meraviglia!

/ The smoke goes up, wonderful!

In dorata shumatura,

/ It coils,

S'avviluppa e s'attorciglia:

/ In golden shading,

la celeste volta oscura.

/ And it darkens the sky.

Tanto lucido è il paese,

/ The more the village spends in cleaning,

Quanto spende in pulizia.

/ The more it is polished.

Non fa i conti a fine mese,

/ It never minds about expenses,

Quel Ehe aveva ha dato via!

/ What it earns is what it spends.

g Otaliga av oss röra sig, i sin dagliga handel och vandel, på Bellos gator och torg. Snart sagt allas liv förflyter inom Bellos murar. Bello utgör därför, vid sedan av ens hem, men i ännu högre grad än den, en betydelsefull kulturmiljö.

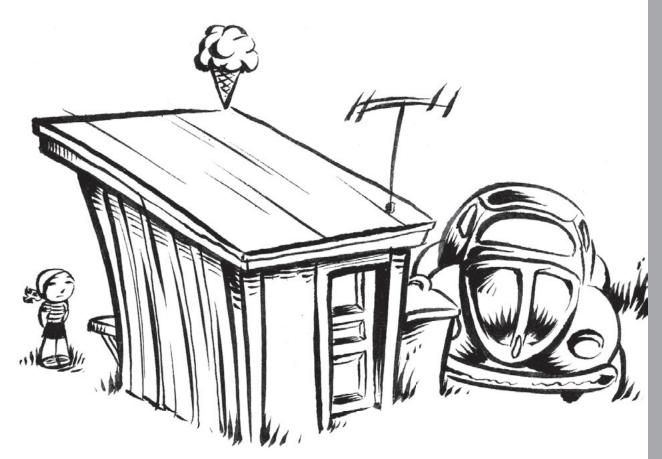

g Alldeles för få ha änna lärt sig inse, i vilken grad Bello verkar stärkande och utvecklande på själva livskänslan; för gångna epokers människor stod den sanningen klar. Såsom harmoniserande livsfaktor är Bello som konstverk visserligen ej den förnämsta men säkerligen en av de förnämsta.

g Vilken karaktärsbildande betydelse har icke Bello för det uppväxande släktet att få sina tidigaste och därmed mycket för framtiden bestämmande intryck utformade i vacker miljö! Men även ur utilistisk synpunkt sett är det ingalunda oväsentligt att därvid smaken utvecklas; att i den allmänna förekomsten av en odlad smak kan ligga en verklig nationalekonomisk tillgång, därpå ger den moderna delen av Bello ett övertygande bevis.

In Bello I was once sitting next to a stranger for a long time, without saying a word.

This way we got to know each other, then we parted with a smile.
